PROFESSIONAL SUMMARY

- Results-driven B.Tech student in Artificial Intelligence and Machine Learning with practical experience in data analytics, web development, and predictive modeling. Skilled at leveraging analytical and technical abilities to build data-driven solutions and improve decision-making. Completed virtual job simulations with Deloitte and Tata Group (Forage), applying real-world business analytics concepts in simulated environments. Adept at teamwork, communication, and problem-solving across multidisciplinary projects.

EDUCATION

Nalla Malla Reddy Engineering College, Hyderabad, 2026
B.Tech in Artificial Intelligence & Machine Learning Hyderabad
Kothapet

Ekalavya Junior College, Kothapet, Intermediate (MPC) L.B. Nagar

Little Flower High School, L.B. Nagar, Secondary School Certificate (SSC)

TECHNICAL SKILLS

Programming & Tools

Python, Java, SQL, JavaScript, React, Power BI, Node.js, Git,

Other Skills

Data Analysis, Record-Keeping, Microsoft Office, Data Visualization, Communication, Teamwork

AI/ML Tool

Scikit-learn, TensorFlow, Pandas, NumPy, ChromaDB, Whisper, NLP

PROJECTS

AI Chatbot with Personality

- An advanced AI chatbot using GPT, ChromaDB, Whisper, and TTS. Supports multiple personalities, KB uploads, chat, voice transcription, and audio responses. Full-stack React frontend with secure auth, usage tracking, and Docker deployment.

Full Stack Web Application

- Developed an end-to-end web app integrating front-end and back-end APIs with database connectivity.
- Demonstrated strong problem-solving and collaboration skills.

Delivery Management System with Real-Time Tracking

- Designed and implemented a Java-based system for order and delivery tracking.
- Applied Agile principles to streamline development and deployment.

Portfolio Website

- Built a responsive, interactive portfolio website to showcase technical skills and projects.

CERTIFICATIONS

GenAI Powered Data Analytics Job Simulation - Tata Group (Forage)
Sept 2025

Data Analytics & Visualization - Microsoft & LinkedIn
Sept 2025

Building with Artificial Intelligence - Saylor Academy
Sept 2025

Data Analytics Job Simulation - Deloitte (Forage)
Oct 2025

Data Analysis Fundamentals - Microsoft & LinkedIn
Sept 2025

VIRTUAL TRAINING & INDUSTRY SIMULATIONS

Data Analytics Virtual Job Simulation, Deloitte (via Forage)

- Completed a job simulation focused on data analysis and forensic technology.
- Practiced real-world data interpretation, reporting, and problem-solving tasks.
- Enhanced teamwork and analytical communication in a professional environment.

09/2025 – 10/2025
Remote

GenAI-powered Data Analytics Virtual Job Simulation, Tata Group (via Forage)

09/2025

- Completed a GenAI-powered data analytics simulation covering exploratory data analysis, AI-driven prediction, and data storytelling.
- Conducted risk profiling and developed business insights through simulated projects.
- Strengthened analytical and visualization skills in a professional business context.
